

49th Ward Participatory Budgeting

2022 / 2023 cycle

Welcome! You will be asked to select four (4) projects and decide how \$1 million of the ward's menu money should be allocated.

What happens after I vote?

Alderman Villegas will submit the projects that win the most votes, up to \$1 million, to the City of Chicago for implementation. All the projects listed are feasible to the best of our knowledge, yet require final approval from the City of Chicago or its sister agencies.

While Alderman Villegas pledges to request funding and advocate for the winning projects, he cannot guarantee that the government agencies will grant final approval to each project request. If a winning project cannot be implemented for any reason, Alderman Villegas will use the allocated money to fund the next runner-up project that falls within the project.

Voting Period: October 20 - November 30, 2022

How were the project proposals selected?

All listed projects were suggested and vetted by 49th Ward residents. From August to September 2022, community representatives met regularly in committees to determine which project proposals to place on this year's ballot.

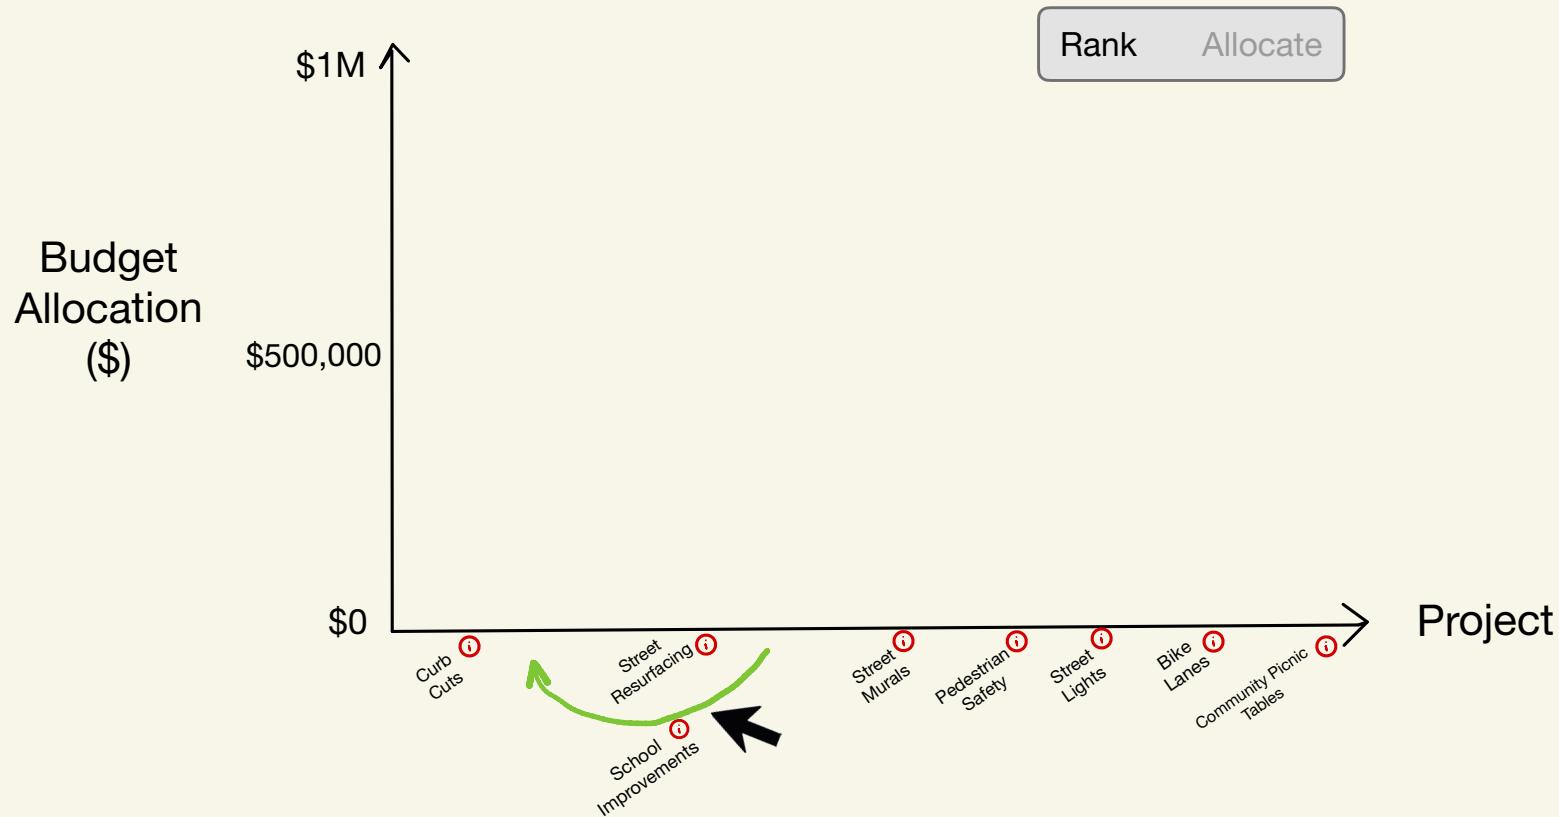

Participation in the 49th Ward participatory budgeting process as a community representative and/or as an attendee at a neighborhood assembly was entirely voluntary and open to all 49th Ward residents, regardless of citizenship or voter registration.
